Third Quarter and End-of-Year Grading

Grades can be found in SIS ParentVUE, and additional class information can be found on Blackboard (<https://fcps.blackboard.com>) using the same ParentVUE login information. Teachers will communicate with families of students who are failing to inform them of ways they may improve their grade.

No assignments will be required that were not assigned and due prior to March 13. Make-up work and retakes of assignments from the third quarter can be arranged with teachers on a case-by-case basis. The gradebook for the third quarter will officially close on April 24, 2020.

End-of-year grades will be calculated from your final grades from the first three quarters of the school year. Grades on assignments from the fourth quarter, if done well, will be used to enhance your overall grade. Maximum grade increase of ½ of a letter grade.

Attendance

Attendance and participation in the virtual class is expected. We expect students to be in the virtual classroom on time with all requisite materials for learning.

Extra Help

Teachers will have virtual office hours in order to assist and support students.
